

Bobcat

One Tough Animal

ELECTRIC FORKLIFTS

NXE-Series, 8 to 10-ton capacity

🌐 EMEA

ONE TOUGH ANIMAL

OUR MISSION

We empower operators to accomplish more, while working in the toughest conditions and tightest situations. When our customers have the will, we provide the way.

BOBCAT'S HISTORY

In 1958, the Melroe Manufacturing Company introduced a compact front-end loader that quickly evolved into the M400, the world's first true skid-steer loader. The company soon adopted what became the world famous 'Bobcat' brand — and its success paved the way for the global compact equipment industry we see today.

YEARS OF EXPERIENCE

In 2021, Bobcat furthered its reach by acquiring Doosan Industrial Vehicle, increasing its capacity to provide customers with comprehensive business solutions. With Doosan's expertise in material handling and warehouse equipment dating back to its inaugural forklift in 1968, the company has established a global presence, with 400 dealers across 93 countries.

BOBCAT TODAY

Now, with a diversified portfolio that includes forklifts and warehouse equipment, Bobcat serves as a one-stop solution for intralogistics needs, from loading shipping containers to optimizing warehouse operations. Made according to the highest manufacturing standards, Bobcat's material handling machines offer the precision and durability customers expect.

TOUGH, AGILE & SAFE

DESIGNED TO ELEVATE YOUR BUSINESS

The B80NS forklifts deliver robust power and high capacity. Our environment-friendly forklifts are designed to optimize performance and productivity for your business. Loaded with ergonomic features, their durability and easy maintenance help reduce total cost of ownership (TCO).

OUTSTANDING PERFORMANCE

Enjoy exceptional driving performance with outstanding stability, excellent visibility, and a powerful motor system specifically designed for lifting heavy loads.

P. 6-7

COMFORTABLE ALL SHIFT LONG

Work through your shift in comfort with many quality-of-life features as standard, including an ergonomic suspension seat, a tiltable steering column, an anti-slip plate, and more.

P. 8-9

SAFETY FIRST

Protect your investment, workforce, and handled goods. The extensive line-up of safety features includes hill start assist, an electric parking brake, weight scale, and more.

P. 10-11

COST-EFFECTIVE OWNERSHIP

The robust components ensure durability and reliability, while easy access to all primary components reduces maintenance costs.

P. 12-13

OUTSTANDING PRODUCTIVITY

▶ POWERFUL AC DRIVING MOTOR

The 96 V AC system, paired with a robust driving motor, creates an exceptional blend of power, performance, and functionality.

▶ 360° VISIBILITY

Managing heavy loads feels effortless with 360-degree visibility and an excellent view through the roof, providing operators with a clear line of sight for smoother and more efficient tasks.

▶ CUTTING COSTS, NOT CORNERS

This series offers a reduced total cost of ownership (TCO), helping you save thousands of euros over the machine's lifetime. A smart investment for both your budget and the environment.

▶ READY FOR DUTY

Designed to power through an entire shift, these forklifts come with a flexible battery exchange system that keeps things running smoothly and offers a range of battery capacities to fit your needs.

COMFORT & CONTROLS

▶ SPACIOUS OPERATOR COMPARTMENT

The cab's ample leg room, adjustable steering column, and ergonomic operator pedals ensure ease of entry and exit for the operator.

▶ DELUXE SUSPENSION GRAMMER SEAT

The deluxe suspension seat offers a larger seat back angle, extended seat travel length, and operator's weight resistance on the front side, allowing for multiple adjustments to create the most comfortable seating experience.

▶ LOW SEAT POSITION

The operator can enjoy plenty of space and head room for easy on/off access.

▶ LOW NOISE LEVELS

Enjoy a quiet work environment in the full cab – the AC motor provides low noise and vibration for operator comfort.

▶ FINGERTIP CONTROL

Choose between the 2-axis cross lever or ergonomic fingertips for precise control and minimal fatigue during an extended shift.

▶ REAR-VIEW CAMERA & DISPLAY

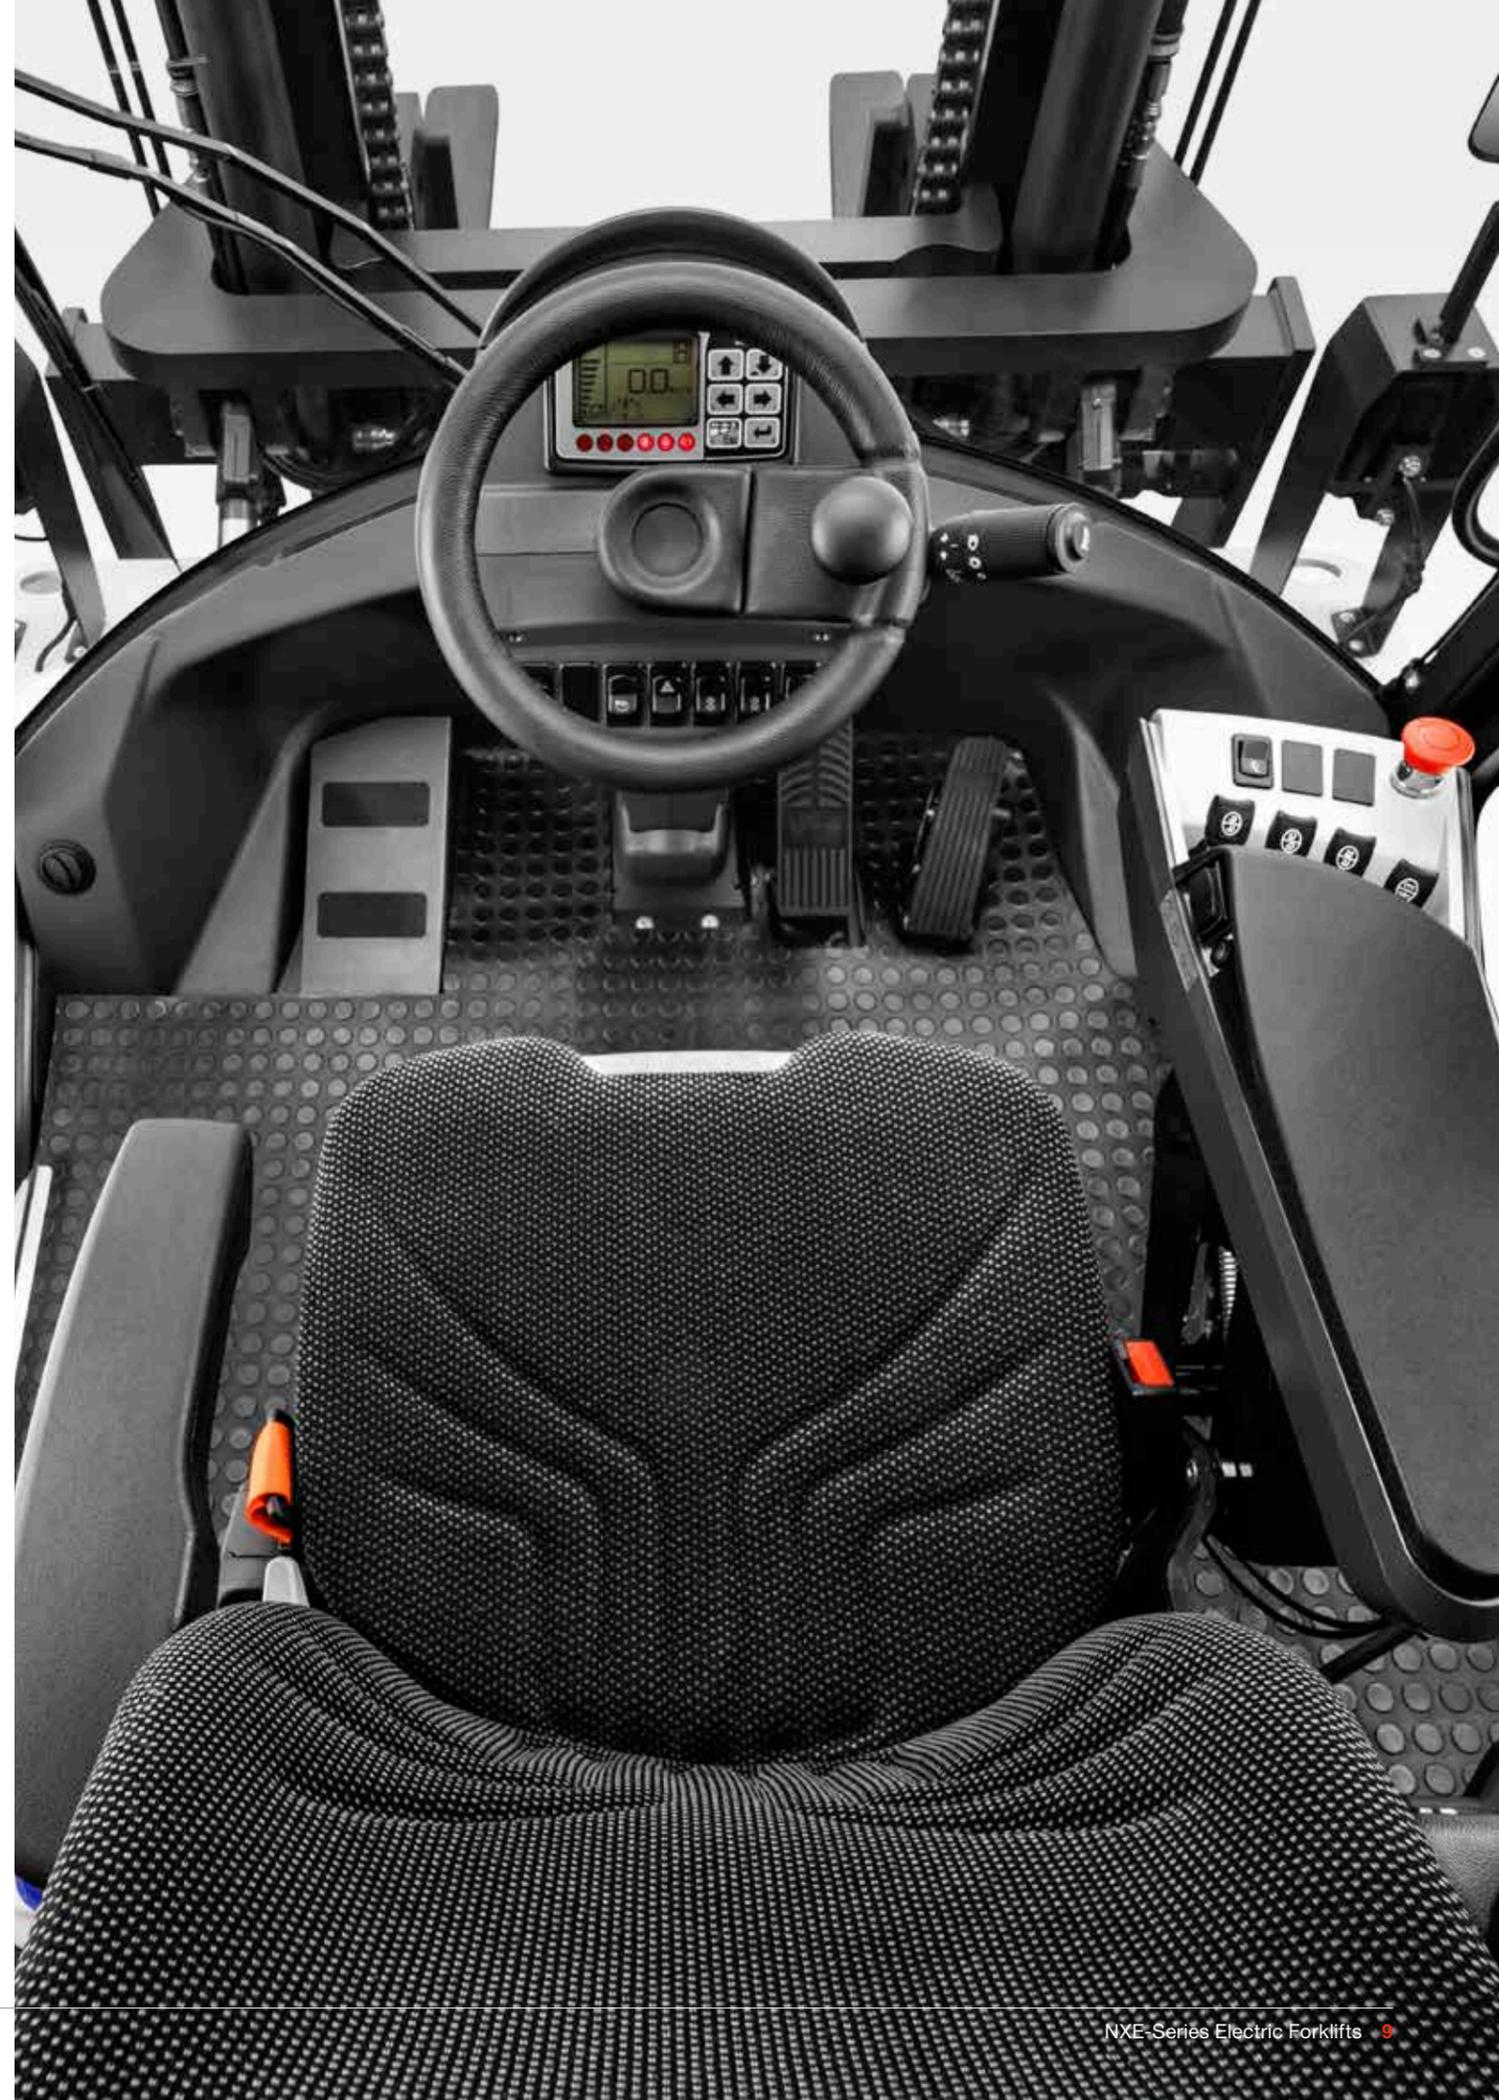

Benefit from additional confidence when reversing with a rear-view camera and a color display that's easy to read outdoors.

▶ MAGNIFICA CAB FOR EXTRA COMFORT

Step into the luxurious Magnifica cab, featuring ergonomic elements like fingertip controls, a deluxe Grammer seat, and HVAC system. Get ready for ultimate comfort and a smooth driving experience.

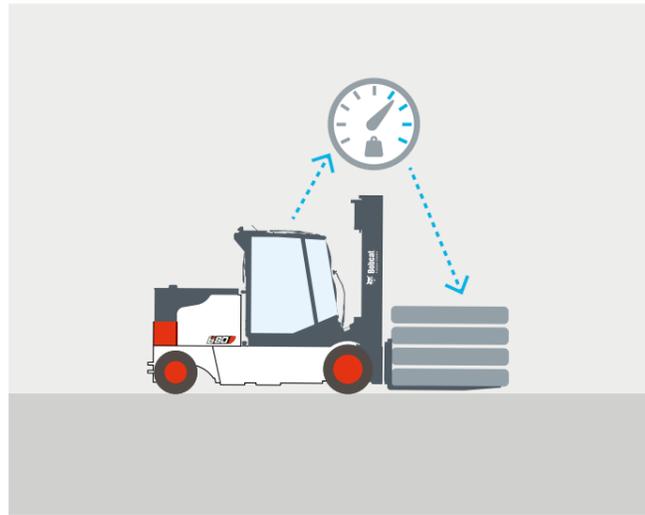

SAFETY IN EVERY MOVE

▶ ADVANCED PROTECTION FOR YOU AND YOUR OPERATION

Bobcat forklifts have safety embedded in their DNA. Packed with tons of features that protect your health and your investment, these machines give you peace of mind in every task, every day.

▶ WEIGHT SCALE

With the help of an integrated weight scale, operators can prevent truck overload, keeping the workplace safer and more secure.

▶ MAST LOWERING INTERLOCK & TILT LOCK

The Mast Lowering Interlock & Tilt Lock system prevents unintentional lowering and tilting of the mast, protecting both the truck and the load.

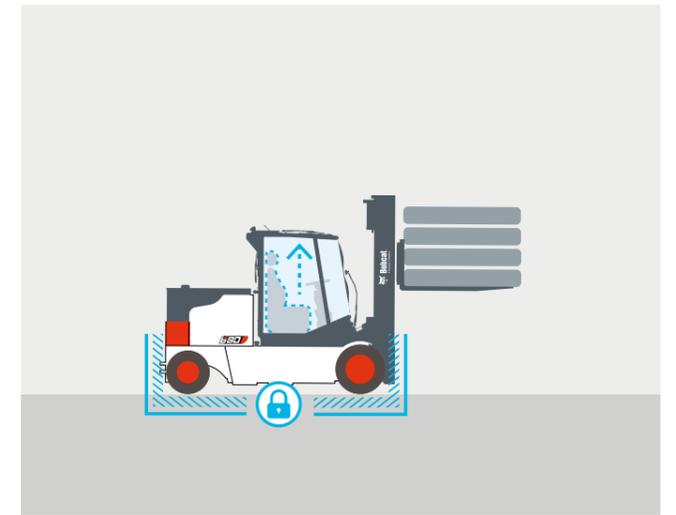

▶ BACKUP ALARM

The Backup Alarm emits a warning signal when the operator is driving in reverse, alerting those in the nearby vicinity.

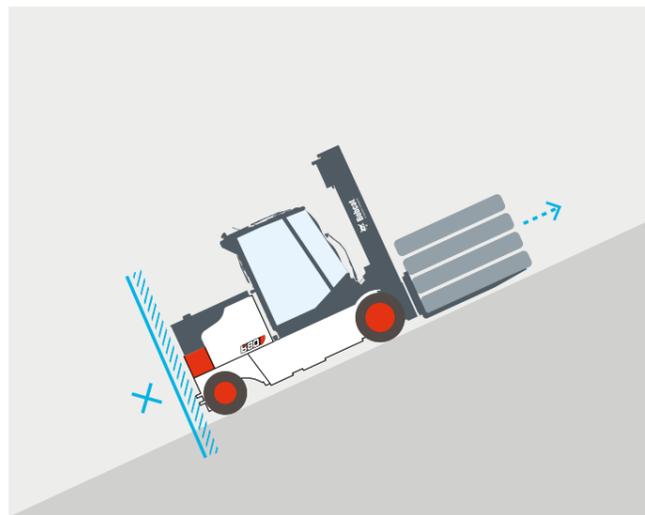

▶ ELECTRIC PARKING BRAKE (EPB)

The Electric Parking Brake engages automatically to keep the vehicle stationary when the operator exits the seat.

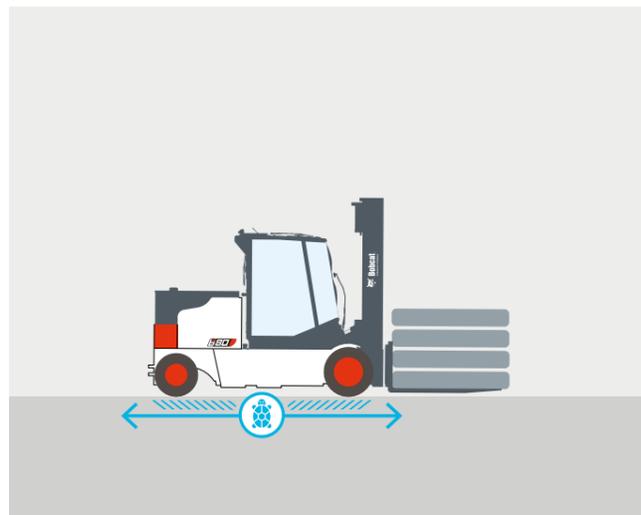

▶ HILL START ASSIST (HSA)

Our Hill Start Assist helps prevent rollback on inclines by automatically applying the brakes for a few seconds before engaging the electric parking brake. This smooth transition keeps the operator in control during uphill starts, making the work more efficient and worry-free.

▶ TURTLE MODE

Activating Turtle Mode ensures safe navigation in challenging warehouse operations by automatically reverting the forklift to pre-set travel speeds without compromising lifting speed.

▶ BRIGHTER AND SAFER

Experience a brighter, safer, and more efficient workday with our front lights, combination lamps, and LED road lights.

▶ REAR-VIEW MIRROR

The Rear-View Mirror provides more visibility, preventing accidents while reversing, avoiding collisions with objects and pedestrians and ensuring a safer work environment.

BUILT TO LAST

▶ EXCELLENT RELIABILITY

Bobcat high-capacity electric forklifts are ruggedly built for maximum uptime, low total cost of ownership (TCO), and unwavering dependability. This is all made possible through a reliable AC controller and components, an effortless battery changing system, and a tiltable operator compartment for easy inspection.

THERE'S NO TIME FOR DOWNTIME. STAND UP TO EVERY TASK THAT COMES YOUR WAY, DAY AFTER DAY.

1.5 YEAR WARRANTY

▶ WARRANTY

Bobcat develops every machine to the highest standards of quality and durability. That's why our standard warranty provides 18 months or 1 500 operating hours (whichever occurs first) of coverage.

▶ PROTECTION PLUS EXTENDED WARRANTY

Enjoy total peace of mind with Protection Plus extended warranty. Providing the same level of protection as the standard warranty, Protection Plus also reflects different customer needs and expectations by offering a choice of durations and annual operating hours.

▶ EXTENSIVE DEALER NETWORK

You can rely on our network of dealers and service partners who are always ready to help you.

▶ BOBCAT GENUINE PARTS

Quality components delivered to our dealers guarantee that all of our equipment is built to last, withstand the toughest conditions, and provide reliable performance.

MAIN SPECIFICATIONS

TECHNICAL DATA ACCORDING TO VDI 2198				
	Unit	B80NSC	B80NS	B100NS
CHARACTERISTICS				
Power unit		battery		
Load capacity/rated load	Q kg	8 000		10 000
Load center	c mm	600	900	600
Load distance, center of drive axle to fork	x mm		695	
Wheelbase	y mm		2 835	
WEIGHT				
Service weight (with min. weight of battery)	kg	13 270	13 700	13 710
Tread, front	b11 mm	1 428 – 1 490		1 490
Tread, rear	b12 mm		1 310	
DIMENSIONS				
Tilt of mast / fork carriage forward / backward	α/β °		5 / 8	
Height, mast lowered ¹	h1 mm		2 730 – 4 000	
Free lift ¹	h2 mm		1 480 – 2 350	
Lift height ¹	h3 mm		3 300 – 7 000	
Height, mast extended ¹	h4 mm		4 550 – 8 330	
Height of overhead guard	h6 mm		2 755	
Height of seat	h7 mm		1 405	
Overall length	l1 mm	5 100	5 700	5 100
Length to forkface	l2 mm		3 900	
Overall width	b1/b2 mm	1 760 – 1 930	1 930	
Fork dimensions	s/e/l mm	60 × 200 × 1 200	70 × 200 × 1 800	70 × 200 × 1 200
Ground clearance, unloaded, below mast	m1 mm		180	
Ground clearance, center of wheelbase	m2 mm		155	
External turning radius	Wa mm		3 150	
PERFORMANCE				
Travel speed, loaded / unloaded	km/h	14 / 15	13 / 15	13 / 14
Lift speed, loaded / unloaded	mm/s	380 / 420		310 / 330
Lowering speed, loaded / unloaded	mm/s		500 / 400	
Max. gradeability, loaded / unloaded	%	11 / 19		9 / 17
Service brake		hydraulic		
ELECTRIC ENGINE				
Battery voltage, nominal capacity k5	V/Ah	96 / 1 085 – 1 550		
Type of drive control		electronic in AC		
ADDITIONAL DATA				
Noise level at the operator's ear	dB	70		

Specification values quoted in this specification sheet have been rounded. Performance may vary depending on operating conditions.

Products and specifications are subject to improvement and change without prior notice.

¹ Mast dimensions refer to a range from the lowest to highest available mast with load backrest.

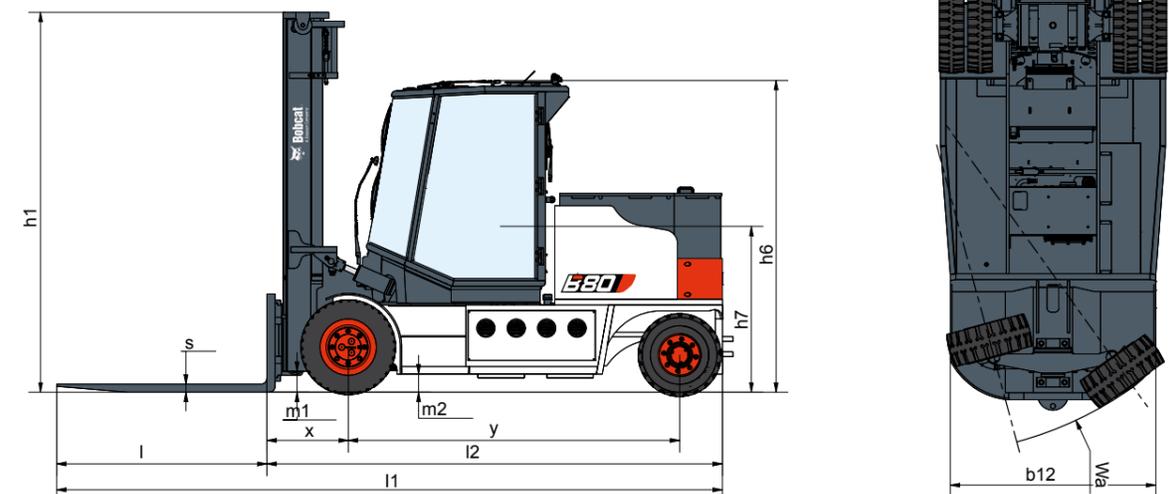

Note: Load capacities are based on the standard chassis without side shifter.

STANDARD EQUIPMENT & OPTIONS

STANDARD EQUIPMENT & OPTIONS		STANDARD EQUIPMENT & OPTIONS	
SAFETY		ERGONOMICS	
OSS (Operator Sensing System)	✓	Easy-to-read instrument panel	✓
Easy entry grab bar	✓	Overhead guard	✓
Large entry step with anti-slip pattern	✓	Adjustable steering column	✓
Electronic parking brake	✓	Rear grab bar with horn	✓
Front LED Lights	✓	Grammer suspension seat	✓
Emergency switch	✓	Steering wheel knob	✓
Backup alarm	✓	USB port	✓
Rear-view camera with flat color display	✓	Magnifica cab – tiltable full cab	•
