Width over tracks	mm	1 801	1 981	
Length with standard bucket	mm	3 427	3 615	3 783

BUILT FOR MAXIMUM PRODUCTIVITY

The upgraded R-Series loaders redefine jobsite efficiency by blending rugged durability with cutting-edge intelligence. Featuring an overhauled electrical system and enhanced hose protection, these machines are built for maximum reliability. With a compact footprint and low ground pressure, they excel in confined urban sites or on sensitive turf where larger or wheeled machines struggle. The T86-2 leads the pack with 115 hp and a 3.7-metre lift height, allowing for effortless loading of high-sided trucks. With customizable operator profiles and four selectable drive modes, the R-Series perfectly adapts its responsiveness to your every move.

Integrated rear and side camera views with split-screen

Engine Power upgraded to 115 hp (T86-2)

Completely overhauled electrical system for harsh conditions

Selectable drive modes (Balanced, Agile, Dynamic, Charged)

8-inch high-resolution (1 280 × 720) display, glove-friendly touchscreen

Excellent connectivity via USB-C ports and Bluetooth for phone calls and music streaming

3.7 m lift height (T86-2) at hinge pin for high-sided loading
